

## QUICK NOTE

**TO** : Whom it may concern

**FROM** : Sumardi

**DATE** : May 2<sup>nd</sup>, 2018

**SUBJECT** : **APPLICATION and INSTALLATION for ELECTRIC POWER**

Dear Sir/Madam

This proposal is submitted to process approval CER for attending **Application and Installation For Electric Power** training.

This training contains how to review the application and installation genset (with prime over diesel and gas engine) on site, to meet the Caterpillar standardization. Besides that, this a part of requirement to get CAT Electric Power Analyst (CEPA), that person will perform genset commissioning (comply CAT commissioning regulation).

The other hand, this training will be moving forward our instructor to support service department.

Best Regards

**Sumardi**
