Subject: balikpapan CRC visit december 3-5

Gents,

As agreed, can we lock in the schedule to visit bpn CRC for the following objectives:

1. Align the current situation of CRC Balikpapan and samarinda
2. Set the same understanding for the gap demand supply this year and forecasted demand for 2019
3. Discuss for quick wins and longer terms solutions in terms of production plan, salvage, piece parts, additional core , core return management and S&OP for component with respective stakeholders including caterpillar including temporary solutions through banjar, balik and samarinda as certain sites
4. Review Capex plan for CRC

Simon,

While we are there, we can also discuss the pipeline and work load for 2019 at MRC and TUE.

Also we can discuss with EMP team to have alignment with Parts Supply Chain for some roles

We should have Hery and SAP PIC for supporting CRC to join the visit

Regards

roni
