Pak Simon,

Understood and apologize for this and Hopefully I'm not give you hard time about this.
No need special arrangement as I will straight come to the PIC to understand the process and learn the challenge...., KPI Discussion we can meet on Friday morning if you okay...

1. Depart 13 Mar 2019 last flight
2. 14 Mar whole day at Kariangau meet with Hendrix and inventory team
3. 15 Mar half day at Kariangau up to 1 pm, then depart to CRC Samarinda the rest.
4. 16 Mar return back to HO from Samarinda direct flight to Jakarta

Please advise for any thought....

Pak Bram,

This is very short notice, but if you have to come to CRC tomorrow, please make the arrangements. Mbak Heni is the contact for any local transport requirements.

In addition to learning about CRC parts inventory controls, I need to have a discussion with you on CRC KPI's as this is still an area of confusion.

Pak Simon T,

I would like to have understanding about parts inventory CRC and how it's work to support WIP and production plan. This gathering data also expect to see room opportunity to improve visibility data that able to combine with WIP or completeness parts based on Production Plan.

I'm prefer to get exposure with Hendrix team and Planning team for this opportunity. Week 3rd of March (18-22 Mar) I will be have BB session full day for a week and material training preparation. My opportunity time to CRC only this week (13-15 Mar). 22-26 Apr will be another possible time but it's will gave longer time to expose with all of this....

Please advise if I can go to CRC on Wed 13 Mar 2019 if possible...

Best Regards,

Bram M Pasya
