Gents,

Kindly find CESAP Seminar as above mentioned.

Considering the importance of our CAT Gas capability building, you are all assign to attend the seminar.

Expected outcome of this attendance are:

- Broader network amongst CAT dealers, especially the successful ones – go make more friends as you will need them someday.
- If possible, ask Sime Darby's fellow to introduce you to Malaysian gas digester contractor(s), ie. Concord. Many of them are running their business in Indonesia POME project.
- Learn best practice in conducting the most cost efficient Operating & Maintenance exercise, the knowhow in exercising factory recommendation. Make sure you get the answer to "How could MWM O&M cost is cheaper than CG?".

Upon you return, I'd like you to present back to Trakindo E&T audience of what you have learned and how can we get this trip to win Multico project.

Please confirm your attendance to the committee, and prepare your logistic accordingly.

Best Regards,
