Peter,

I think it's very important that Dwiyo attends, do you approve?

Pak Sonny also agrees he should attend.

Best Regards,
Richard A Planisek

Dear Pak Erwin, Pak Richard.

Please your advise about PS Specialist participation in this Training.

This training is very importance related to Engine Connectivity across Industry and our specialist knowledge to Engine Product link future and benefit is very limited since.

It is a good opportunity for specialist to have proper training to Engine Connectivity.

Sonny

Subject: FW: Energy & Transportation (E&T) Cat® Connect Technical Training Events in Singapore (Aug 28th to 30th)

Trakindo Team,

As said, it is a very relevant training on Cat Connectivity for E&T applications for your team members (Dwiyo..) to attend.

There is only 1 session this year, in Singapore from August 28th to 30th.

Could you ask the large E&T branches (Palembang, Surabaya, Balikpapan, Medan, Batam..) Cat Connect Team if any candidate should also attend?

This technical training cost of 1200 US\$ per person should be financed by your CES funds (sufficient funds available today. Please submit a business case to Victor Wee, PSOR).

Thanks in advance

Kind Regards

Paul Vo Huu Le
