Importance: High

Hey everyone!

- We are very excited about the proposed topics to this year's CAT Dealer DSG SOS Conference as well as returning to Peoria for 2019. Please take a look at the agenda and consider how it applies to your operations.
- The group really tried to make this conference flexible enough for those that may not be able to commit to the entire week so we are offering an all new Day Pass.
- One of the Major topics that will be discussed this year will be centered around CAT Dealer Lab Standardization. A lot of work and collaboration has gone into this by the DAG Team and CAT Leadership. Come and hear the details and let your voice be heard as this rolls out.
- If you know of some Vendors that you work with that would like information on the Conference, please push them to myself, Dolan Hall or Jason Ho.
- Important Dates to remember. September 1st our room block goes off at the Pere. So please consider going ahead and making your reservations as well as registering for the conference. We need to start working Menus and planning for amount of food, so we need to start getting head counts dialed in. Let's make this the largest conference ever!

Thanks!
