Dear Pak Sardi,

Noted Pak. Ketika informasi yang sama kami terima pada 22 July dan berikut konfirmasi dari Training Center per 23 July bahwa kemungkinan-nya mundur ke September 19. Namun per today kami harus cek kembali available instructor di tanggal tersebut. Next schedule to be advised.

Pak Mario,

Baik pak, dipahami.

Saat ini kita coba cari instructor pengganti. Kemungkinan ada perubahan jadwal yang kami propose sebelumnya. Kami mohon maaf atas kondisi ini.

Melihat dari availability instructor kami, ada kemungkinan mundur ke September week 1, antara 2 – 6 September 2019. Apakah ini memungkinkan?

Selamat sore pak Mario

Sesuai konfirmasi dari dokter, walaupun BMInya pak Suwarno melebihi standard, masih dapat toleransi mengingat kunjungan bapak Suwarno hanya beberapa hari. Dan tidak bekerja dilapangan. Kita akan lanjutkan pak untuk proress kedatangannya.

Pak Sardi

Rencananya bapak-bapak Trainer dari Trakindo yaitu pak Adi Prasetyo dan pak Suwarno akan datang untuk memberikan Training Produk Knowledge pada tanggal 12 Agustus 2019 – 17 Agustus 2019.

Pak Mario,

As discussed, please find attached list of participants for both Operator and Maintenance Training.

I include the site Trainer team at Wetar on this email, Pak Rudi is our Maintenance Training Superintendent and Pak Dedy/Pak Dendy are our Operation Training Supervisor.

Note:

- Operator training participant batch 3 must attend training twice as they hold 2 Kimpers (HT Cat773 and ADT Cat745)

Pak Mario,

Yes, correct you need to send copy ID/KTP visitor, valid MCU result and complete the attached form.

We have 25 participants for Operator Training and 20 participants for Maintenance Training.

Please advise the training duration (how many days per batch), so we can arrange this training with minimum disturbing our existing operation at site. And for this purpose, we need to arrange several batch for both Operator training and Maintenance training.

I'll send you the final list per batch later.

Pak Mario,

As per previous email it should be enough for two trainers, 1 for Operator Trainer and 1x for Maintenance Trainer to cover both type of truck: HT-CAT773 and ADT-CAT745.

My expectation, they should be experienced trainers for both machines.

Subject: Re: OEM's training ADT - CAT745 ADT, Haul Truck - CAT773

Good Morning Pak Mario,

Introduce me, I am Effendy, Mine Operation Training Consultant for Merdeka.

When I was at Wetar last week and sat in the Cat 773 and Cat 745 with our Trainer.

Focus with Engine Over Speed, I assumed our Operator are;

- Not using the correct gear, when travelling down hill
- Not control the engine rpm properly and or
- Maybe they always put their foot in the accelerator pedal.

So, at the moment, we just do the refresher training for all of our Operator to do the correct way to operate the machine, but it could be better if Pak Mario can be arrange one Operator Trainer to handle it ASAP.

And I think not only Engine Over Speed our focus,

- New Transmission handle on Cat 773 must be clearly to explain to the Operator how to use it.

Thanks and appreciate for your consideration Pak

Best Regards
Effendy

I've just visit and coming back from Wetar last week, and I would like to ask your assistance and confirmation regarding the Operator Training and Maintenance Crew Training for both ADT CAT745 and HT CAT773 at Wetar.

I thought these OEM's training program should be included and covered as a free product training as part of new equipment purchased.

Please advise me the schedule for above training program at Wetar.

Awaiting for your feedback ASAP.
