Dear Pak Alfons
I need your permission to take Julius to attend our calibration , service include training for our weight scale in South Kalimantan (Banjarmanin) 20 – 24 February 2023 (Estimated), Since he was previous one of our team to acquisition this weight scale from CP to Trakindo. Some technology added, but in this case, we need refresh include selected team. So we can use train to trainer.

This is good activities since we can get direct information form Transcale as Manufacture of weigh scale.
Last update technology, how to repair, how to calibration etc.

Please your advise
