Optional Attendees: Russel Nolan; Joshua Michael Stagg; Wahid Abdurakhman; Muhamad Hajar Murdana

Gents,

During the last week of May we will have 2 visitors from Cat who will introduce a newly available technology product called "MineStar Edge". Trakindo have only recently received the import licenses for the necessary hardware and now we are ready to introduce key stakeholders within the dealership to this.

We would like to invite you to this introduction session with the Cat subject matter experts. There are a number of parallel trainings with adapted contents and duration scheduled for that same week, online and offline, to which key personnel in your respective areas invited (product support, EM, PS sales etc.)

Attached is a one-pager on MineStar Edge – the materials during the session will be more detailed and show where this product sits in the Cat technology options. We will also have time for Q+A.
