Hi All,

Please see below my itinerary which I have just advised BCD to ticket, along with requests and proposed discussion points. I am sure there are additional points that will come up.

Items required as requested:

- Current PSR for 4 x R2900 ZLK EUV Machines and the R1700 KT4 converted machine
- Full list of all active HRV UG machines currently operating/operational or in rebuild on site along with current SMU's
- Current list of all components that have been through the CRC with hours on components and a brief description of why they were sent to the CRC for rebuild/repair etc.
- Machine health reports for R1600's for axle failures
- Machine health reports for R2900 ZLK and R1700 KT4 EUV engines

CRC / MRC Discussion Points:

- R2900 ZLK and R1700 KT4 EUV Engine performance, Trakindo technician capability and upskilling plan along with operator training and accountability. Training plan for upskilling PTFI M&R team after machines complete warranty period
- Alex's Monthly Trakindo/Product Gp PPM discussion
- R1600 axle life and failures
- R2900 XE Machine Trial, parts support, technical and operator training and general NMI to site
- R2900 XE HV system discussions and concerns
- Machine Health – MineStar Health / HEI subscription especially for the R2900 XE
- Buckets and general wear material/lip configurations across all LHD's
- GET discussion – Durilock trial
- R1700 KT 4 Engine mounts
- Trakindo/PTFI CI projects
- WFF trial, proposed consumption, plan to place orders etc. maybe meet with PTFI's Arash, who Trent Kapene has been in discussions with onsite

Monday 31st July – Jakarta Cat and Trakindo HO's

- TBC
