Dear Mas [@Dedi Isnandar Wijaya](#),

Silahkan create TCAR.

Setelah mendapatkan konfirmasi dari EIA & HO, langsung issued tiket dan akomodasi. Untuk memudahkan koordinasi, sebaiknya samakan saja dengan team HO.

Note:

Perhatikan dan dokumentasikan proses yg ada untuk create module.

Selamat pagi pak Aswin,

Terimakasih atas informasi dan supportnya terkait dengan offering dari factory untuk device PL tersebut dan mohon ijin saya langsung share ke team di EIA untuk bisa langsung gerak cepat customer mana yang bisa segera diperform.

Mas @Yusriadi / om @SamuelEka,

Dari 30 opportunity yang di Manado – Ambon – Sorong – Manokwari tersebut mana yang bisa di implementasikan dalam waktu dekat.

Mengingat hal ini bagian dari KPI digitalisasi/PACS maka bisa berkembang lebih jauh lagi dan tidak menutup kemungkinan ke customer selain Oil & Gas commodity.

Mohon feedback/consent dan advicenya agar bisa segera ditindaklanjuti.

Terimakasih.

Hi @AswinHendarko

The original plan and preference was to have the first 5 units connected this year as a pilot so that Houston could monitor the performance of the hardware.

We will have the PL444 in the national merchandizing program.
